## Schizophrenia Research

An International Multidisciplinary Journal of the [Schizophrenia International Research Society](#)

As official journal of the [Schizophrenia International Research Society \(SIRS\)](#) *Schizophrenia Research* is THE journal of choice for international researchers and clinicians to share their work with the global **schizophrenia** research community. More than 6000 institutes have online or print (or both) access to this journal - the largest specialist journal in the field, with the largest readership!

*Schizophrenia Research's* time to first decision is as fast as 6 weeks and its publishing speed is as fast as 4 weeks until online publication (corrected proof/Article in Press) after acceptance and 14 weeks from acceptance until publication in a printed issue.

The journal publishes novel papers that really contribute to understanding the **biology** and **treatment** of **schizophrenic disorders**; *Schizophrenia Research* brings together biological, clinical and psychological research in order to stimulate the synthesis of findings from all disciplines involved in improving patient outcomes in schizophrenia.
